

Hello, my name is Katie.

I'm the Wiltshire Council Local Area Coordinator for Calne.

I can help you to:

- access information, advice and support
- build your own local network
- find practical ways to resolve problems
- be part of your local community
- identify your personal strengths, needs and goals

I work alongside people of all ages (including disabled people and people with mental health conditions).

If you feel you would like to reconnect with your community or need some help or support, then you can invite me to work alongside you.

My support is free and without judgment – there are no assessments, referral processes or time limits – and I can meet you in local community settings or where you live, work, volunteer or learn.

By inviting me to work alongside you, I will:

- Take time to get to know you to build a trusting relationship
- Help you find relevant information, advice and support
- Help you to build and achieve your vision of a good life
- Help you to identify and develop your strengths, talents, abilities and skills
- Help you in building, developing and using personal and local networks
- Help you to stay strong and be heard so you stay in control of your life
- Help you to become more connected, resilient and more actively involved in your community

My email address is kathryn.brown@wiltshire.gov.uk

My mobile is 07443 770 026
